

## Fire Marshal & Fire Prevention Training Open and In House Workshops

Duration 4.5 hours Delivered by qualified (NEBOSH L6 Diploma) Trainer (City & Guilds)

### Training Workshop Aims

To gain awareness and knowledge in order to help us to,

- Sufficiently contribute to a great fire prevention culture
- Confidently contribute to the team responsible for fire and emergency action plans and procedures, fire risk assessment and monitoring
- Attain Pass/Merit/Distinction certification

### Objectives

To have a knowledge of;

- Fire prevention legislation and background
- Our responsibilities under legislation
- The duties and skills of a fire marshal

To have answers to all of these questions;

- What are my duties
- Why do we need fire marshals
- When do we need fire marshals
- Where are we required to be fire marshals

To test what we have learned;

- Engage and contribute during the learning
- Complete a multiple choice measurement of today's learning.

### Learning by delivery of

Tutor information, group activity and discussion, visual aids, dvd, powerpoint and workbook

To include;

- The cost of fire
- Legal consequences
- Fire risk assessment
